I graduated from the University of Missouri-Columbia in 1995 with a B.S. in Civil Engineering. A week later I started my career at GBA in our Highway Design Group, working on a variety of DOT study and design projects. I currently serve as GBA's Municipal Design Group Manager, providing planning and design services for cities and counties in Missouri and Kansas. Other professional involvement includes KC Metro APWA Executive Committee, Platte County Economic Development Council Board of Directors, and the Northland Regional Chamber of Commerce.

I live in Parkville, Mo and have two daughters, Georgia (15) and Emma (13). My favorite pastime is coaching and watching my girls' sports. They are both year-round swimmers, Georgia plays softball, and Emma plays soccer. We love sports of all kinds and enjoy rooting on our favorite teams, the Tigers, Chiefs, and Royals. The non-sports side of my brain enjoys playing the piano and thinking about our next vacation or road trip.
