Jason D. Davis, PE, ENV SP

Jason is a Principal at Affinis Corp., located in Overland Park, Kansas. He joined Affinis in 2000 and has designed a wide variety of projects ranging from stream bank stabilization, retention/detention pond design, levee design, dam assessment studies to bridge design and other special structural designs for buildings and retaining walls. Having served in the military, Jason understands the intricacies of federal work. His extensive knowledge makes him a great asset to Affinis, as well as his clients.

Jason is a member of the Society of American Military Engineers (SAME) and currently serves as a Board of Director for the Greater Kansas City Chapter. Jason and his wife Jacki have a 6-year old daughter and live in Olathe, Kansas. Jason and Jacki enjoy spending time camping and hiking with family and friends.
