I attended Hawkeye Community College in Waterloo, Iowa. Following graduation, I worked for the City of Olathe doing “in-house” design for streets, storm, sanitary, and water. I have also worked for TranSystems, LHE, Olsson Associates, SPX, and currently BHC Rhodes. My career has been focused on transportation design and project management. I am a Project Manager for the Public Works team at BHC Rhodes overseeing design, project execution, budgets, and schedules.

I have a beautiful wife, two daughters, and one grand-daughter. During the summer, I enjoy boating, water skiing and pulling the tube for anyone that dares to ride. Our youngest daughter is active in basketball and club volleyball. So most of our time is spent “taxiing” to and from practices, training sessions and games. The volleyball club travels January through April, visiting cities such as St. Louis, Minneapolis, Denver, Philadelphia, and Reno. This past year we attend the Nationals in New Orleans.
