I have worked at CFS Engineers in the bridge section for 13 years. Primarily I do bridge inspections for counties and cities as well as bridge design and calculations. I graduated from Kansas State University in 1998 with a B.S. in Civil Engineering.

I am married and the father of two girls. I am currently serving as an Elder in my local church and play in the Praise and Worship band. My hobbies are playing my guitars, hunting, fishing, shooting, and reading Vince Flynn novels.
