Ted Francis is an Environmental Engineer for Allied Environmental Consultants, Inc. In this capacity, he prepares designs and permit packages for landfills which includes the Construction Quality Assurance, Operations, Closure/Post-Closure, and Stormwater Pollution Prevention Plans, assesses wastewater treatment needs for various facilities, designs upgrades for facilities with SPCC and NPDES deficiencies, analyzes methods for groundwater remediation, and performs hydrologic analyses and hydraulic designs.

Born in California and raised in Overland Park, Ted received a Bachelor of Science degree in Environmental Studies from the University of Kansas in 2003, and a Master of Science in Environmental Engineering from the University of Arkansas in 2008. He currently resides in Derby with his wife Gretchen and their two dogs, River and Ruby. In his spare time, Ted enjoys attending Wichita State University basketball games and listening to bluegrass music.
