Shane Standley is a Project Engineer in the Public Works Group at BHC Rhodes in Overland Park, Kansas. He has 14 years of roadway design experience which includes urban arterial roadways, residential streets, and divided urban and rural highways. He is a registered professional engineer in the states of Kansas and Missouri and is an active member of American Public Works Association (APWA) and Engineers Club of Kansas City (ECKC).

Shane graduated from Kansas State University with a B.S. in Civil Engineering in 1998. He is married to Heather and they have two sons, Aiden (5) and Luke (2). He is an avid college sports fan and enjoys spending time with friends and family.
