My Name is Chad Hall. I am a graduate of Kansas State University in May of 1998. I have worked for HDR, Inc. now for 15 years. I am a project manager for the structural engineering section of our MoKAN (Kansas City and St Louis) offices.

Most of my work includes scope and contract negotiations of and management of multiple highway bridge projects as well as design on large design build pursuits.

When I am not working, I love to spend time with my wife and 3 boys. My sons are 13, 10 and 2 and are heavily involved in baseball and hockey. In my free time I love to golf, run and coach my kid's sports.
