John is currently married with three children and living in Ellsworth, KS. He grew up in rural western South Dakota and graduated from South Dakota State University in 2000 with a BS in Civil Engineering. Upon graduation, he accepted a position with the Kansas Department of Transportation in the Hays construction office and obtained his PE license in 2005. While working for KDOT, John served on the KDOT/KCA Partnering Committee and the KDOT Safety Committee. He worked for the KDOT until he joined Kirkham Michael's Ellsworth office as the Kansas Construction Engineer in 2010. At Kirkham Michael John oversees all of Kirkham Michael's Kansas Construction Engineering projects, serves as acting county engineer for three counties, and assists with design projects.
