Brian Hash earned his Bachelors and Masters degrees in Civil Engineering at the University of Nebraska – Lincoln. After spending some years in research at the National Bridge Research Organization at UNL, and a short stint at Black and Veatch as a structural/bridge engineer, Mr. Hash landed at HNTB in 2003 and has been there ever since. In 2007, he received a Masters degree in Engineering Management from the University of Kansas. Mr. Hash has bridge design and project management experience on bridge projects throughout the US with the bulk of his experience in the state of Kansas. He is currently serving as an Engineering Department Manager who oversees the delivery of bridge projects primarily for the Kansas DOT. Brian also currently serves as the Quality Assurance Manager for HNTB's Kansas City office.

Brian and his wife (Staci) celebrated their 10th anniversary this summer. They have two children, Thomas (their nephew) who is 8 and Anderson who is 1. He is looking forward to taking the family on a camping trip later this year. Brian and his wife started running together over the last few years and Brian ran his first marathon this Spring.
