Kyle Dominisse, PE, SE, LEED AP, is a Senior Associate and Senior Project Manager with the Diagnostics Group at Walter P Moore. Kyle has over 12 years of experience in structural and forensic engineering. His expertise includes multi-story concrete, steel, and wood framing analysis and design for both new construction projects and existing building renovations. He also routinely performs litigation studies, condition assessments of existing buildings, and develops repair details and procedures for renovation and rehabilitation projects.

Mr. Dominisse has a Bachelor of Science in Civil Engineering from the University of Nebraska. He obtained a Master of Science in Civil Engineering from Virginia Polytechnic Institute and State University. Mr. Dominisse is a licensed Professional Engineer in the States of Kansas, Missouri, and Minnesota. He is a licensed Structural Engineer in the States of California, Nebraska, and Illinois.

Kyle is from a small town in northeast Nebraska. He currently lives in Lenexa, KS with his wife, five year old daughter and two year old son. In his spare time, Kyle enjoys boating, clay target shooting, traveling, and spending time with his family.
