Angela graduated from Topeka West High School, attended Washburn University and then earned a bachelor's degree in civil engineering from the University of Kansas. She joined a local consulting firm during her senior year of college. She then joined the land development team as a Bartlett & West Employee-Owner in 2006. She currently serves as a Senior Project Manager in the Planning Civil Site Sector. She is a licensed professional engineer in Kansas and a US Green Building Council LEED Accredited Professional. She believes strongly in community involvement and is a past President of the Ronald McDonald House Charities of Northeast Kansas Board of Directors, served on the Board of Directors for the Kansas Capital Area Chapter of the American Red Cross and is a current Board member for the Kansas Children's Discovery Center. She serves on the Washburn Rural High School Site Council and the USD 501 STEM Advisory Board as a result of her passion for encouraging local students to utilize their talents in science and math in career paths that will lead our community to a better tomorrow.

Angela's husband Bret works in IT for Capitol Federal Savings. Their daughter Taylor will be a sophomore at KU this fall studying to be a middle school math teacher and their son will be a freshman at Washburn Rural High School. Her hobbies include running, water sports of all kinds and being a sometimes vocal supporter at her kids' sporting events as well as KU and Royals games.
