1. Brief History of Me

- Personal – I grew up in Ames, Iowa and attended Iowa State. I have three brothers. My oldest brother, Ray worked as a Civil Engineer in Kansas City from 1992 to 2005. My wife Kristin and I live in SE Olathe with our three boys Braden (9), Quinn (6), and Zayne (1). I have a passion for coaching my boys in youth sports, in particular, baseball.
- Professional – After graduating Iowa State in 1999, I worked for HNTB as a Highway Engineer and Municipal Engineer in the Overland Park office until 2010. From 2010 to 2014, I served as a project manager in SKW's Municipal group. Since 2014, I have worked at BHC RHODES as a project manager in the Public Works group. My responsibilities include managing plan production, tracking project budgets, proposal writing, interviewing, and client maintenance. I also serve as a traffic engineer which includes completing traffic impact studies and providing traffic reviews.

2. Fun Fact about Me – I have a minor in German and can speak it in bits and pieces. I went to high school with Fred Hoiberg (current Chicago Bulls head coach) and coached his little brother in discus.

3. Favorite Quote – “There is such a fine line between stupid and clever.” -This is Spinal Tap (1984)

4. My job would be a lot easier if...the KC Metro was filled with bad engineering companies.
