Bio

I grew up and currently live in Lee's Summit, MO where my wife Kylee and I are raising our two boys, Peyton 8, and Lucas 4. I graduated from Rolla in 2008 and went to work for KDOT right out of school. I spent 8 years there working in Road Design and Program and Project Management. Although we loved the town of Topeka (not!), my wife and I decided it was time to move back home to Lee's Summit to be closer to both of our families. I started at Wilson & Company in 2016 and now manage a transportation group in our Kansas City Office. I enjoy volunteering my time to promote engineering to our youth through the Future City Competition and ASCE.

Fun fact about you that will be surprising/interesting to your classmates!

When I was younger, there was a brief time that I considered pursuing a career as a professional bowler.

"You miss 100% of the shots you don't take" – Wayne Gretzky

My job would be a lot easier if

I had more CAD Techs.
