Week 2 basically ended late Thursday, with many legislators heading for home ahead of a light day Friday. Week 2 was mostly comprised of informational hearings from state agencies, with the introduction of a couple new bills of interest.

SB 285 was introduced this week, calling for creation of a task force to study options for the next transportation plan. Senator John Skubal requested introduction of the bill. The bill calls for ACEC Kansas to have a seat on this task force. SB 285 will have a hearing Wednesday in the Senate Ways & Means Committee. ACEC Kansas will be there to testify in support.

SB 298 will be in Friday's calendar. It deals with cities and counties and what can/cannot be required in terms of fire sprinklers and suppression systems in residential housing. No word yet on who requested introduction, but we'll do some more investigating.

Several state agencies gave general presentations to various committees this week. They discussed everything from services provided to efforts to streamline provision of those services. Mostly routine stuff, but it's always interesting to hear the questions that come from committee members.

ACEC participated in a "Day on the Hill" with Economic Lifelines (EL). EL is the umbrella group advocating for transportation infrastructure investment, and ACEC Kansas is a member. Several ACEC members made visits to the Capitol, and a majority of the current candidates for Governor stopped by that afternoon to address EL members and discuss their vision for the future of transportation. It was an excellent event.

Committee hearings will pick up pace in Week 3. Stay tuned....
