

MINUTES  
ACEC/AIA/OFPM/OSFM/BOR  
AUGUST 7, 2017  
ACEC OFFICE

Present were Brad Austin, Tom Orazem, Randy Riveland, Terry Humphrey, Bruce McMillan, David Dunfield, Doug Everhart (via phone), Cory Wilson, and Scott Heidner.

**It was moved and seconded to approve the minutes of the February 8, 2017 partnering meeting. Motion carried.**

Riveland gave an OFPM update. He discussed the Lansing Corrections project. There was a public hearing in June. Department of Corrections will now determine whether to go with a lease-purchase or design/build. If it is lease/purchase, they will go back to the SBAC to present their facts and seek approval. The SBAC will meet Wednesday to review several projects.

Austin gave a short update on OSFM issues as passed on by Scott Murray. They recently had a legislative hearing on attempts to modernize required codes. There was resistance at that hearing, and further discussion is planned.

Humphrey gave an AIA update. They are going through a rebranding to bring more value to their membership. As part of this they are coming up with new programming, which Humphrey offered to share.

Heidner and Austin gave an update on the upcoming Kan-Struct event. The conference will be held early next year. The request for presentations has gone out and the agenda should be finalized shortly.

The next meeting was scheduled for January 24 at 2pm at the ACEC Kansas office.

There being no further business, the meeting was adjourned.
