Hi, my name is Mike McKenna and I worked for HWS Consulting Group for almost 3 years as the regional manager for traffic and transportation planning in Overland Park. HWS recently merged with Benesch and will take on the name sake in September. Prior to working for HWS I worked for Olsson Associates in Overland Park and Springfield, MO for 8 years and KDOT for 9 years. I have a BS in Civil Engineering from Colorado State and my MS in Engineering Management from Kansas University. Although I have experience in a variety of transportation projects, I specialize in traffic engineering and ITS design projects. I am active in MoVITE, past president of KAUTC, Current president of ITS Heartland and on the ACEC KANSAS/APWA KANSAS CITY METRO CHAPTER/ACEC MISSOURI Partnering Committee.

I live in Leawood with my wife Staci, 3 kids; Josie (12), Garin (10) and Brennan (7) and a new puppy named May (Mayhem to some of us). I love to play and coach Lacrosse. Most of our spare time is spent attending one of our kids sporting events or viola/violin recitals. I look forward to meeting everyone.
