Andrew is a senior water supply engineer at Burns & McDonnell in Kansas City. He received his Bachelor of Science in Civil Engineering from Iowa State University in 2002. He has been with the firm since graduation in the water supply department. He is a licensed Professional Engineer in the states of Kansas and Missouri. His experience includes source water planning, conceptual design and planning, water distribution and storage systems, and drinking water treatment where he has served as lead process engineer and APM for multiple large and small clients. His professional memberships include AWWA, ASCE, and AMTA.

Andrew and his wife Alison have 1 child Harper. In his spare time he enjoys spending time with his family and being outdoors.
