My name is Michelle Winkelmann. I grew up in Grand Island, Nebraska and after receiving my associate degree from Central Community College in Columbus, I transferred to the University of Nebraska. After graduating from UNL with a B.S. in Civil Engineering in 1996, I moved to Wichita and began working for Parsons Brinckerhoff, where I am currently a Senior Transportation Engineer and certified Project Manager. During my time with PB, I have designed and managed major highway, freeway and arterial street projects in the central region of the US.

I currently live in Wichita with my husband Tim of 14 years and two children. Life outside of work revolves around our kids. Max 11 enjoys camping and fishing with Tim as well as being involved in scouts, playing baseball and climbing at the YMCA. Faith 7 knows everything, just ask her! She played basketball and softball this past year and “helps” me coach junior high volleyball at St. Elizabeth Ann Seton School where I have coached for the past nine years. I have a wonderful and supportive family who make my life busy and entertaining.
